Meaning

Mother, I bow to thee!
Rich with thy hurrying streams,
Bright with thy orchard gleams,
Cool with the winds of delight,
Dark fields waving, Mother of might,
Mother free.
Glory of moonlight dreams,
Over thy branches and lordly streams,
Clad in thy blossoming trees,
Mother, giver of ease,
Laughing low and sweet,
Mother, I kiss thy feet,
Speaker sweet and low,
Mother, to thee I bow.

FROM THE DESK OF THE CHAIRMAN

Education and community service have been part of my family tradition for three generations. My grandfather was the first Principal of a traditional Gurukul in South Gujarat. My father was a teacher here in Mumbai in one of the city's best public schools. He could have continued teaching here, but hearing Gandhiji's message that the real India lives in its villages, my father left Mumbai for rural South Gujarat. He became the Founder Principal of a village school in Endhal. After that, his whole life was dedicated to transforming the lives of the poorest of the poor through the redeeming power of education.

This is the tradition I inherited. When my turn came, I decided to carry forward the lamp of learning by setting up the Naik Charitable Trust which has built many schools in rural South Gujarat. This is the first School in a large metropolis like Mumbai, and we have great expectations from this institution. Our endeavour is to integrate the best of traditional and modern methods of teaching and to make it one of the most inclusive schools of this country. Its doors are open to all – with no distinction made between caste, community or creed. I strongly believe that education is a powerful tool for empowerment for it provides children access to opportunity.

The infrastructure here is among the best in the field of academics anywhere in the city. We have technology-enabled classrooms, libraries, and laboratories for several subjects, unique Safety and Innovation labs and Art Studios. All this is essential for a good school, but it is not enough. Ultimately, it is the competency of the teachers and the quality of the teaching they impart which really define a school.

So, we began by appointing Dr. Madhura Phadke, a well-known figure in the field of school education, as the Principal and then proceeded to build the faculty and staff through a rigorous recruitment process. I was part of the apex of the 6-step selection process, and I have personally met every single staff member recruited at this school. That is how much I value the key roles played by the teachers in the academic process.

We hold a special responsibility in our hands: we have been entrusted with the responsibility of shaping the future of children who will in turn shape our country. Our

Vision is that we will enable our students to grow into outstanding achievers with strong Indian values. Both are equally important - for this is a school where the acquiring of knowledge will go hand in hand with the attainment of wisdom.

Another very important aspect is a robust spirit of nationalism. I am very proud of being an Indian. If you visit any of my offices – either on the top floor of this building or anywhere around the world, you will see the Tricolor fluttering. That reminds me of my duty to the nation at every moment. I wish this spirit to be deeply ingrained in every student so that when they grow up, they are conscious of their larger national and social responsibilities. This means saying a firm 'No' to the temptation of migrating overseas and deciding to remain in our motherland and serve our people.

I hope to see the alumnus from this school become nationally and perhaps globally acclaimed professionals in any of the vocations they choose – engineers, doctors, artists, musicians, experts in management and finance, sportsmen. And when asked about their success story, they will say with pride – It all began with this School.

Hearing those words will be my greatest joy.

I am confident that under the leadership of Dr. Madhura Phadke, the entire school cohort will put in it's best to make this school the finest in the city. Every student will 'Learn, Lead and Achieve' in service of this great Nation of ours and the society to which we owe so much.

Jai Hind!

FROM THE DESK OF THE PRINCIPAL

Dear Students,

Welcome to A. M. Naik School, Powai, the best possible start for each one of you!

The School is managed by the Naik Charitable Trust and proudly stands on the sprawling L&T campus in Powai.

'A journey of a thousand miles begins with a simple step', similarly our lifelong journey started with laying a perfect foundation and then placing a perfect brick in October 2020. Each tiny effort built on the next, led to a strong foundation called 'trust' and finally the dream came true in June 2022, when the school opened its gates to receive its first batch of students.

We believe that every student is a seed, which has the potential to grow, if nurtured with love and care, under the right guidance. Our faculty is committed to keeping abreast of developments in the field of education and allied disciplines, to ensure that we remain at the leading edge of educational methodologies and best pedagogical practices.

The School is established with the objective of providing each one of you the best possible academic and co-curricular inputs, to transform you from being young children to becoming responsible global citizens of tomorrow. Our campus is vibrant, filled with energy, enthusiasm, and activity. My colleagues will encourage questioning and stoke your spirit of enquiry and discovery, to ensure that you are agile in your thinking. We will create an awareness amongst you, to stand up for your rights but at the same time, we will also focus on your duties and responsibilities towards society at large.

While the learning atmosphere here is open, just and fair, values and discipline will be given equal importance. Though the medium of instruction is English, a healthy respect for all languages will be fostered in our students.

Respect and this acceptance of a diverse Indian community, appreciation of and pride in our culture is also embodied in our School Song.

"Educating the mind without educating the soul and heart, is no education at all," – Aristotle.

We are well equipped to provide you with the tools to face life, but we are also alive to our duty to revise and reflect over the concepts that we teach, so that the education that is imparted is truly absorbed by you.

We are committed to developing compassionate, resilient, lifelong learners through a personalised progressive environment. We believe that it is important to create an ambience where you eagerly look forward to coming to school.

We know that we have a daunting task ahead of us. However, team work, patience and perseverance is a hallmark of A. M. Naik School, Powai. Our recognition as the "Best Emerging School" in India by Cfore, Affiliation with the CISCE and ISC and Provisional Affiliation with CCE, Finland to become the first NEP Model School with Finnish pedagogy, are testimonies of collaborative effort.

We invite each parent to be our partner. Let us join hands in grooming young minds so that they walk the path of life with success.

Dear Students, we want you all to have fond memories of your time spent with us, long after you have left the portals of the school (physically).

Always remember that you are surrounded by a harmonious blend of a committed and caring Management, conscientious and devoted teachers and loving and supportive parents. Such an environment will provide you with the perfect ballast as you take off into the world.

I wish you all the very best as you become an integral part of Team AMNS.

May this be your first step towards becoming a global citizen.

Dr. Madhura Phadke
Principal

And heart so full of care

A million dreams have we
Ten thousand questions too
Eager to build a world
Beautiful and true

विद्या का दीप जलाएंगे
साहस और धैर्य दिखाएँगे
हीरे सा जगमगाएँगे
दुनिया को चमक दिखाएँगे

A diamond isn't made
In a day, a year or two
But once it starts to sparkle
It's a pretty awesome jewel

अभ्यासात आम्ही होऊ यशवंत

School Theme : Diamond - Conceptualized by - Dr. Madhura Phadke

We have chosen diamond as the theme of our School. Formation of a diamond can be correlated to the cycle of schooling. Carbon turns into Diamond under the right amount of temperature, pressure and catalyst. Similarly, the mentors and facilitators (as catalyst) can mould every student into a precious human being and responsible citizen of tomorrow with the right kind of academic and co-curricular inputs, values and discipline.

Another important aspect of a Diamond is when white light enters it, you get a full spectrum of colours as it exits the Diamond. Similarly when our students leave the portals of our school they will be well rounded and responsible citizens.

At A. M. Naik School we want our students to be like Diamonds, precious and rare and not like the stones found everywhere.

School Houses

We believe that every student entering our school's portal has the potential of developing into a multi-faceted diamond and in keeping with this theme we have named our houses also after precious gems:

RUBY HOUSE

Colour : Red

Defining Qualities : Courage, Passion, Vitality

It is associated with improved energy and concentration, creativity, loyalty, honour and compassion. Ruby is considered to be protective of home, possessions and family. Ruby is said to stimulate the heart and bring spiritual wisdom

SAPPHIRE HOUSE Colour : Blue

Defining qualities : Clarity, Vision, Wisdom

Sapphire is said to be the gem of wisdom, stimulating concentration, enhancing creativity and promoting purity and depth of thought. It is believed to focus and calm the mind as well as remove unwanted thoughts, depression and mental tension.

PERIDOT HOUSE Colour : Green

Defining Qualities : Equanimity, Harmony, Serenity

Known as the gem of compassion, Peridot is believed to bring good health, restful sleep and peace to relationships by balancing emotions and mind. It is also a stone of abundance and gratitude, and can help us acknowledge and invite abundance, both material and spiritual, in our lives.

CITRINE HOUSE Colour : Yellow

Defining Qualities : Determination, Exuberance, Positivity

Citrine is believed to be of value in healing the spiritual self, as it is a powerful cleanser and regenerator. It contains the virtues of self-healing, inspiration and self-improvement. Carrying the power of the Sun, it is excellent for overcoming depression, fears and phobias.

Our Elementary Section

Aligning with the theme of our School, we consider our students to be precious gems. Hence we have decided to name the Divisions of our Elementary Section with the names of precious gems:

Amethyst - Known as "Gem of Fire", that helps to relieve stress, it enhances intuition, spirituality and protects us from negativity.

Beryl - Viewed as "Healing Gem" , it motivates a person to be industrious and clever.

Copal - Known as "Cleansing Gem", it encourages the mind to have pure thought and helps removing stagnant energies.

Danburite - Viewed as "Angelic Gem", it brings peace to our mind and heart.

Enstatite - Known as " Energy Gem", it enhances memory and consolidates our energy levels.

Feldspar - Viewed as the "Purifying Gem" , it enhances one's self-respect, self-esteem and self-awareness.

Garnet - Known as the "Soothing Gem" that provides stability and balance, it is also associated with mental clarity, grounding and determination to achieve one's goal.

Code of Conduct

Every educational institution has its pre-defined 'Code of Conduct' based on conventional principles and expectations that are binding to the entire school cohort. It is established to foster the intellectual and civic development of students in a safe and secure learning environment, and to protect the core mission of the school. It includes rules and regulations which are a set of guidelines/instructions that help a school run smoothly and makes it a safe place where students learn in a nurturing environment. Students are responsible to the school authorities not only for their conduct in school, but also for their general behaviour outside as it reflects on the reputation of the school.

The following are the codes to be followed :

I. Attendance and Leave Policy

1. Students are expected to be punctual at all times. They must reach the school at least 5 minutes before the First Bell. More than three late marks in a month (or any other remark like improper uniform, unruly behaviour, etc) will result in student not being allowed to attend school for 1 day. On such instances the parent will have to come and pick up their ward from school at the earliest.
2. 100% attendance is appreciated and will be rewarded with a certificate.
3. **Minimum 75% attendance** is necessary for promotion to the next Grade.
4. The Principal has the authority to grant or reject a Leave Application.
5. In the event of a planned leave of **1 to 3 days**, a leave note has to be written on the 'Leave of Absence Record' page No 117
6. In the event of a **planned leave of more than 2 days**, an email should be sent clearly stating the reasons and uploading the medical certificate if needed.
7. In the event of an emergency, a leave application clearly stating the reason should be sent via email.
8. Students who remain absent without any intimation **for more than 15 days** are liable to have their names struck off from the roll.
9. **Half day leave is not applicable to students.** Requests for allowing students to leave school before dispersal time, after unit tests or on any other occasion will not be entertained. The student will be marked ABSENT and the weekly test marks will not be considered. It is mandatory for the students of the Secondary Section to stay after school, if present, for their activities on Mondays and Fridays. Students from the Primary Section will not be granted half leave once they are present in school.
10. If the student is unwell (**even during exams**), he/she will not be permitted to attend school. A mail attaching Medical and Fitness Certificate should be sent to school when the student resumes. The student will be given the exam paper to be solved at home for better understanding. Kindly note the marks will NOT be counted. This is to be STRICTLY FOLLOWED.
11. **The school does not provide any retest for class assignments, unit tests or any other examinations missed due to absence.**
12. Irregular attendance, habitual late coming, unjustified or unexplained absence of more than three days during the school term may result in strict disciplinary action.

13. Attendance on **the first and the last day of the School** for each term is mandatory. If a student is absent on the first or last working day, the student will not be permitted to enter the class without his / her parents meeting the Headmistress with a written letter giving valid reason for the absence.
14. Long leave for reasons **other than medical** will be granted once in 2 years and prior permission for the same will have to be sought, without which it would be considered as unauthorised leave.
15. Students, when unwell, should not be sent to the school. In the case of illness for more than 3 days, a written application / cover letter from the parent along with Fitness Certificate from a registered Medical Practitioner should be submitted to the Headmistress on the student's return to the school, failing which the student will not be allowed to attend the school.
16. The student will be responsible for completing the work missed during their absence. For this, the students / parents can check the class work and homework uploaded on the School Portal and in case of any query they can approach the Coordinator, Headmistress or Section Head of the respective section.

RULES FOR THE SCHOOL CAFETERIA

The school cafeteria is an essential part of almost every student's school life. This is a place for students to unwind, relax and recharge their energy with healthy and wholesome meals. Setting of rules for the cafeteria is only to enhance our student's experience here.

1. **Seating** : The sitting area of the cafeteria can accommodate limited students. Only students who regularly buy their meals from the cafeteria are permitted to sit in the cafeteria during the breaks. Students who carry their tiffin from home are requested to be seated in their respective classroom and enjoy their meal with their peers.
2. **Queue** : Maintaining a proper queue will help the cafeteria staff feed everyone on time.
3. **Noise** : Everyone chatting, laughing and eating their food in a relaxed manner is just the way a school cafeteria should be. However, sometimes it can get uncomfortably loud. This will be addressed by a nearby teacher or staff from the cafeteria.
4. **No wastage policy** : Wastage of food is not permitted. Students should buy only what they can consume.
5. **Cash dealings** : Parents should refrain from sending large amount of cash with their wards for the cafeteria. The school or cafeteria staff will not be responsible for any loss of money.
6. Loitering in the cafeteria after school hours is not permitted. If any student misses his/her school bus on this account, the parent will have to come to the school and take their ward.
7. Students of Grade 11 and 12 are not permitted to carry their mobile phones to the school cafeteria. They should carry cash for any payment to be made in the cafeteria.
8. **Credit Facility** : It will be extended to students only under the following circumstances:
 - a) **If the student has forgotten to carry his/her breakfast or lunch from home and does not have money to pay, the student will approach the class teacher, who will arrange for the student to be provided with the meal in the cafeteria.**
If a student approaches the food counter on the floor where food is provided for registered students and is refused food for any reason, they should reach out to the class teacher or coordinator immediately to resolve the matter.
 - b) Credit facility will be extended to the students only for breakfast/lunch and only on the recommendation of the teacher. No credit facility will be given for juice, muffins etc from the tuck shop.
 - c) The staff will note the amount payable and inform the parent.
 - d) Parents should send the amount with their ward the next day with a note for the class teacher.

All students and parents are requested to follow the rules for the smooth functioning of the cafeteria.

UNDERSTANDING THE SCHOOL BUS SYSTEM

The school does not have its own fleet of buses. However, for the convenience of the parents, the School has arranged for the bus service with Shree Ganesh Travels hereinafter called as Transporter. You may contact their helpline numbers given below or email transportdesk@shriganeshtravels.com It is advisable for all students to use the bus service, except for those

who walk to School. This request is made taking into account the safety of students and to reduce the traffic congestion near the school. The school does not authorise any van service. Use of the van service is at the sole responsibility of the parents and the van driver.

Although the School has taken every care to ensure that the Transporter adheres to all the rules and regulations of the RTO, parents are requested to note that the school is only a facilitator between the parents and the Transporter.

Late fee charge of **Rs.200/-per month** will be levied if the fees are not paid before the due date. Although a gentle reminder will be sent, it is the responsibility of the parent to pay the fees on time without waiting for reminders. **No waiver on the late fee charges will be considered and parents are requested not to approach the Transporter or the School for the same.**

If bus fees are pending for more than one month after the due date, the Transporter has the authority to discontinue the bus service to the student. Parents of Grade 10 students, kindly note that the bus fees have to be paid for the **full year** as per schedule given above. Parents are requested to check the portal for the status of fees paid. Please contact the transport desk if any discrepancies are found on the portal.

5) Rules and Regulations :

It is imperative that all concerned follow the rules and regulations to ensure smooth and safe ferrying of our students.

a) **Registration :** It is mandatory that once registered, the bus facility has to be used for the entire academic year. In case the bus facility is discontinued in the middle of the year, the bus fees will not be refunded. Requests for refund will not be entertained. Readmission in the next year is at the sole discretion of the Transporter. Mid term admission is permitted only for students who take admission to the school in between the terms.

b) Timings :

1. It is the responsibility of the parent to ensure that their ward reaches the stop 5 minutes before the scheduled time for pick up. Similarly, the parent or authorized person should be present at the stop 5 minutes before the scheduled drop time. **(Parent Pass is mandatory)**

2. The bus driver will not wait for any student if they are not at their stop on the scheduled time. In case the bus reaches earlier than the scheduled time during the pick up, the driver will wait till the scheduled time and then leave. The same applies for the drop. Parents are requested to keep a track of the bus on the GPS system and ensure that they are at the stop for pick up 5 minutes before the bus arrives.
 3. Similarly for the drop, in case no one is present to pick up the student (escorted students) at the scheduled time, the student will be brought back to school. The parent will then have to pick up their ward from the school at the earliest.
 4. No calls will be made or received by the lady attendant specially due to non-availability of the student at the stop during the pick up and non availability of the parent/authorised person during the drop time. Parents are advised not to chase the bus and call the didi for stopping the bus.
- c) No student will be permitted to board or disembark from the bus at any other stop than the one he/she is registered for. Parents are requested not to send applications for the same.
 - d) At no time are parents permitted to board the bus. Parents boarding the bus for reprimanding the student or taking pictures or video will be viewed seriously and disciplinary action amounting to suspension of the student from the bus service may be taken by the school.
 - e) **Parent Pass** : Parent pass is an important document which needs to be taken very seriously. The purpose of this pass is to ensure the safety of our students and avoid any risk of the student being handed over to any unauthorized person.
Parent Pass should be produced before the lady attendant hands over the student, even if the same person has been coming to pick up the child over a prolonged time.
Escorted students will not be handed over without the Parent Pass.
 - f) **Bus Service Not Required** : On any particular day if you do not wish your ward to avail the bus service on return and if you are going to pick up your ward from the school, the parent/authorised person should take custody of their ward **from the bus** after producing the parent pass to the bus didi. If any parent is reaching late for the pick-up, they should contact the transport department on the mobile numbers or through the school number and informed them about the same.
Parents are requested to pick up their ward from the bus after informing the bus didi and NOT from the reception. Any deviation from this procedure will be treated as violation of rules and may call for disciplinary action amounting to suspension from the bus service
In case you have dropped your ward in the morning and wish to him/her to avail the bus on the return, you should contact either on phone or message the Bus Supervisor or Bus Manager and inform them **well in advance** so that the bus didi ensures the child has boarded the bus on the return.
 - g) **Discipline:** Indiscipline of any kind like use of abusive language, fighting - physical or verbal, bullying, throwing water, calling out to outsiders or throwing water out of the window, misbehaving with the bus didi etc will not be tolerated. Strict disciplinary action will be taken by the school if the students are found indulging in such acts, which may

include withdrawal of the bus facility for a specific period or permanently, depending on the nature of the misconduct. Such action may be taken without informing or warning the parents as we expect our students to be well behaved at all given time. Discipline is not restricted to students, but parents too. For any grievances parents are requested to approach the school for appropriate action. **At no time shall a parent step into the bus to reprimand either another student or the Lady Attendant or the driver. Parents are not permitted to click pictures or take videos of the bus or students. All concerns should be reported to the school.**

We are a school open to suggestions and also believe in giving a patient hearing to all grievances. Therefore, parents barging into the Front Desk with their grievance, creating a ruckus and using abusive and defamatory language for the school or transport staff members is not acceptable. This may result in withdrawal of the bus facility to the student.

- h) **Nodal Points** :Bus stops are based on the Nodal points as the school does not believe in doorstep pick up and drop as this will add to the total travel time taken by the students. Parents are requested to cooperate with the school in this regard. Also, since ours is a growing school, bus stops are liable to change year to year.
- i) **Bus Route** : Routes once set will not be changed during the academic year. However, in case of road repairs, festive pandals etc, the routes may be diverted and the parent will have to drop and pick the student at the nearest convenient point till the road is accessible. Parents are requested to cooperate at such times and not get into arguments with the bus didi or driver. In such a situation, it is the responsibility of the parent to drop the student at the nearest convenient stop. In case the student is in any day care, it is the responsibility of the parent to arrange with the day care to get the student dropped or picked up at the nearest convenient point for the bus.
- j) **Change in Residence** : In case there is change in the bus stop due to change in the residence, the same has to be informed to the school with relevant documents and the Transporter immediately.
- k) **Changes in the stop** : Temporary changes in the bus stop will not be encouraged and in case of an emergency, a mail should be sent to school stating reasons and only after approval of the school will the change be implemented. Constant change in the stop is a security hazard which the school will not accept.
- l) **Seating** : The school does not encourage any reservation of seats. We do permit students to mutually agree and decide where to sit. However, no student will ask another student to get up from an occupied seat.
- m) **Seat belts** : The bus didi will fasten the seat belt for the elementary students only once on boarding. Parents are requested to advice their wards not to remove the seat belt in the interest of their own safety.
- n) **Bus Badges** : No student will be permitted to board the bus without the bus badges on their uniform. In case you need more badges kindly procure the same from the transporter to ensure that every uniform bears the badge.
- 6) **Emergencies** : Keeping the safety and security of the students in mind, the school will not ply buses in the event of emergencies like bandh, floods etc. Parents are requested to

use their own discretion and decide whether they would like to drop/send their wards to school on such days. In case such a situation arises after the students are already in school, parents will have to personally pick their ward from school.

- 7) **Drop with/without escort** : Students from Jr. KG to Grade 5 will not be dropped without an escort on producing the Parent Pass. No student will be handed over to the watchmen or any unauthorised person unless a letter to this effect is given by the parent and approved by the School. The bus didi or driver will not help the students in crossing the road.

Students from Grade 6 onwards will be dropped off at their scheduled bus stop and can leave from there unescorted. It is their responsibility to board the bus on time. In case they are waiting after school hours for any activity, it is their responsibility to inform the bus didi about the same. In such cases buses will not wait for them and the student will have to take the next available bus or the parent will have to pick them up from the school.

- 8) **GPS SYSTEM** : We have tied up with CHAKRAVIEW for the GPS system. This tracking app will enable you to track the movement of the bus on your route only. The app also registers the attendance of your ward. It is mandatory for the student to wear the ID card daily for registering his/her attendance. You will receive messages once your ward has boarded the bus and also when your ward has disembarked. For any issues regarding this app please contact their helpline on 9820955544

- 9) **Bus service on national holidays** : The School Bus Service will not be available on National Holidays i.e 26th January and 15th August.

- 10) **Important messages** : Urgent and important messages like the school remaining closed due to heavy rains or sudden holiday declared by the Government, any delays etc. will be sent by the transporter via the Chakraview App.

It is very important for students and parents to follow the above rules to ensure happy and safe travel for our students.

We request all parents and students to extend decent courtesy to our lady attendants and drivers and treat them with respect. Any issues with them may be reported to the school for necessary action.
